No. 1675/20 - TUESDAY, OCTOBER 12, 2010

(Published by Authority)

PART I : SECTION (I) — GENERAL

Government Notifications

AMENDMENT TO THE MINUTE OF THE SRI LANKA SURVEYORS' SERVICE

PARAGRAPHS 13:1 (III) and 13.3 of the Minute of the Sri Lanka Surveyors' Service published in the *Extraordinary Gazette* of the Democratic Socialist Republic of Sri Lanka, No. 1434/5 of 27.02.2006 were amended by *Extraordinary Gazette* No. 1482/17 dated 31.01.2007, and the said paragraphs are reamended as follows in accordance with the cabinet decision taken on 28.07.2010.

Secretary,

Ministry of Land & Land Development.

Ministry of Land & Land Development,
No. 80/5,
"Govijana Mandiraya",
Battaramulla.
07th October, 2010.

The amended paragraphs,
13:1 (III)

Should have a Degree in Surveying Science or a B. Sc. Degree with Mathematics or Physics as a subject or a B. Sc. Degree in Computer Science (should have passed the G. C. E. Advanced Level with Mathematics as a subject) or a Degree in Civil Engineering, obtained from a recognized University or an Institution recognized by the University Grants Commission.

13.3 The Number of Appointments:-

The appointments to the post of Apprentice Surveyors can be made in a manner that the entire cadre of Surveyors of the Sri Lanka Surveyors Service and that of Apprentice Surveyors will not exceed the mark of 850 officers. When making appointments to the post of Apprentice Surveyors, 90% of the vacancies in the cadre will be filled from amongst the graduates having the above mentioned qualifications by an open competitive examination, and 10% out of the 90% vacancies will be filled from amongst the graduates who possess a B. Sc degree with Mathematics or Physics as a subject or a B. Sc. Degree in Computer Science (Should have passed G. C. E. Advanced Level with Mathematics as a subject) or a Degree in Civil Engineering, where as balance from amongst the graduates who possess a Degree in Surveying Science. If there is no sufficient number of Surveying Science graduates to fill the vacancies, in such instances, the resulting vacancies will be filled from amongst the graduates who possess a B. Sc. Degree with Mathematics or Physics as a subject or a B. Sc. Degree in Computer Science (should have passed the G. C. E. (A/L) with Mathematics as a subject) or a Degree in Civil Engineering. Similarly, if there is no sufficient number of Physical Science, Computer Science or Civil Engineering graduates to fill the vacancies, in such instances, the resulting vacancies will be filled from amongst the graduates who possess a Degree in Surveying Science.

The remaining 10% from the total appointments will be filled from amongst the officers belonging to the Technical Services of the Survey Department who possess the above specified qualifications as an avenue of promotion, by an interview. However, if there is no sufficient number of officers' in the Technical Services of the Department to fill such vacancies set apart for them, in such instances, the resulting vacancies will be filled from amongst the graduates who qualify at the open competitive examination.
