3. Financial and Operating Review

3.1 Financial Results

According to the financial statements presented, the working of the University for the year under review had resulted in a deficit of Rs. 580,080,260 before taking into account the Government grant for recurrent expenditure as compared with the corresponding deficit of Rs. 569,834,728 for the preceding year. After taking into account the Government grant of Rs. 579,853,000 received for recurrent expenditure, the deficit for the year under review had been reduced to Rs. 227,260 and the Government grant of Rs. 503,400,000 received for recurrent expenditure for the preceding year had reduced the deficit of that year to Rs. 66,434,728.

3.2 Utilisation of Specific Funds

The specific funds granted had not been utilized for the purposes for which they were granted and interest aggregating Rs. 2,323,453 had been transferred to fixed deposit without proper authority.

3.3 Uneconomic Transactions

Following observations are made :

- (a) Seventy-seven direct telephone lines had been provided to the Facility and Service units in the University and most of those direct telephone lines had been utilized for internal communication in the University instead of using the internal communication system. As a result, a sum of Rs. 2,336,428 had been paid to the Telecom as telephone charges which could have been reduced to Rs. 84,122 if the Intercom system was in operation in its full capacity.
- (b) Grass cutting charges amounting to Rs. 76,640 had been paid in respect of External Examination unit. This Job could have been done with the labourers of the University.
- (c) Land clearing and levelling charges amounting to Rs. 87,750 had been paid in respect of Faculty of Science. This Job could have been done with the labourers of the University.
- (d) Even though the University had 6 vehicles in its fleet a sum of Rs. 352,911 had been paid during the year under review for hiring of vehicles from private parties.

Following observations are made :

- (a) Ten paper shelves and a glass front wooden almyrah had been requested by the Librarian for the purpose of storage of old news papers and arrange the books. However the items supplied had not been agreed with the specification. As a result a sum of Rs. 226,500 paid for the above items had been considered as fruitless expenditure in audit.

3:6 Identified Losses

Loss of fixed assets, stores items, petty cash and stamps to the value of Rs. 694,401 had been written off during the year under review.

3:7 Delays in Projects

- (a) Construction works under various projects for which agreements had been entered into as far back as 1990 had not yet been completed.
- (b) A sum of Rs. 7,611,885 had been paid to a construction company during 1999 to 2000 for the construction work of Auditorium at Medical faculty. However, construction works had not yet been completed. Further, due to undue delay the cost of construction had to be increased tremendously and the objective of this building also had not been achieved. In addition, a sum of Rs. 13,000,000 had been paid to the Department of Buildings during the years 2005 and 2006 for the interior decoration works, which had not yet been commenced.
- (c) A sum of Rs. 2,000,000 had been paid to the Department of Buildings as an advance in 1989 for the construction of an overhead tank for student's hostel at Thirunelvely which had not yet been completed.

The progress report of the above project had not been made available for audit. Although the project had commenced on early part of the year, 2005 it was not completed up to the date of this report. As a result the objective of the project had not been achieved due to the delays in completion.

- (f) Two advances amounting to of Rs. 3,200,000 and Rs. 3,014,000 had been released on 31st December, 2004 and 16th November, 2005 respectively to the Chief Engineer, Department of Buildings, North East Provincial Council for the construction of an overhead tank and a sump for Vavuniya Campus at Pampaimadu. (Total estimated cost was Rs. 6,214,000).

The Construction of sump had been completed. However, the overhead tank and balance work had not been completed upto 29th June, 2006 and the contract had been terminated. A sum of Rs. 2,439,956 had been paid to the contractor up to the termination.

A fresh agreement had been signed for the balance work amounting to Rs. 5,615,000 on 10th November, 2006 but the works had not been completed even up to 31st December, 2007. A long delay had been observed in this work.

3:8 Appointment of the Academic Staff

Following observations are made :

- (a) Appointments to the permanent posts of lecturers had been made separately to each Faculty of the University as a general rule resulting in engaging several lecturers in the same field of study. In preparing time tables for various Faculties, the availability of the services of permanent lecturers in other Faculties had not been considered. Whenever the service of lecturers in the permanent staff were required for another Faculty, separate letters of appointment had been issued to them as visiting lecturers and additional lecture fees had been paid for such services.
- (b) In several instances, temporary lecturers, tutors, demonstrators etc. had been appointed on the request made by the Heads of Department without following proper recruitment procedure.
- (c) It was the regular feature of the University that the filling of vacant posts of academic staff is in an improper manner, without giving an opportunity to complete those who have qualifications and expect employment in the University system. Although this had been pointed out in my reports for the last several years, no action had been taken to rectify this deficiency.

3:9 Courses Conducted and Examinations Held

Following observations are made :

- (a) Total number of students registered in 10 courses of the University were 5116. Total recurrent expenditure incurred during the year under review amounted to Rs. 362,800,828. The average recurrent cost per student for the year under review was Rs. 70,915.
- (b) Dates to hold the examinations for various courses conducted under each faculty of the University and target dates to release results of the examinations had not been determined. It was further observed that there were considerable delays in releasing the results of examinations conducted by certain Faculties during the years 2006 and 2007. According to the University Grants Commission Circular No. 636 of 14th July, 1995 results should be released within three months after the examination held. But, release of results had been delayed by periods ranging from 6 to 12 months.
- (c) Details regarding the total number of students who appeared for the examinations held during the year under review had not been furnished to audit.

3:10 Granting Leave with Pay and No Pay for Postgraduate Studies

Following observations are made :

- (a) Study leave had been approved for more than one year to the lecturers who had gone abroad for studies without taking into consideration the instructions mentioned in Section 27.4 of Chapter 10 of the Establishments Code for the University Grants Commission and the Higher Educational Institutions.
- (b) Instances were observed in approving study leave to lecturers under probationary period before completing one year service.

3:11 Budgetary Control

Significant variations were observed between the budget and the actuals of income and expenditure thus indicating that the budget had not been made use of as an effective instrument of management control.

4. Systems and Controls

Deficiencies observed during the course of audit were brought to the notice of the Vice Chancellor of the University by my detailed report issued in terms of Section 13 (7) (a) of the Finance Act. Special attention is needed in respect of the following areas of control.

2:2:5 University complies with the provisions in the Universities Act, E. Code and Circulars etc as far as possible.

- 3:3 a) Action has been taken to resume the Swedish International Development agent funded Networking, system at University. Once this is finished the additional charges are expected to be reduced.
- b and c) Our Carder of un-skilled laborers was increased only by two numbers for more than 25 years. Whereas the land and Building maintained rapidly (more than 4 fold). Further nearly 1/3 of the vacancies at Maintenance Branch remain unfilled. We have no other alternative than outsourcing. These were outsourced when the in house staff were engaged/occupied with more important, urgent works please.
- d) The number of Vehicle available in the University is totally inadequate. Therefore the University is compelled to go for hiring vehicle.
- 3:4 (a) Paper Reading Table

The concerns expressed by the students of Vavuniya Campus over the construction of IT laboratories to link the left and right wing of park road building without having it at Pampaimadu were taken up at the meeting held at Parliament on 8th June, 2005 with Deputy Minister of Higher Education, Chairman/UGC and other officers of UGC, memmmbers of Parliament from Vavuniya District, Rector/ Vavuniya Campus and students and staff representative of Vavuniya Campus and decided the followings:

1. To have IT laboratory in Pampaimadu.
2. Not to precede with the construction at park road.
3. The unutilized funds after payment of compensatation if any should be retained at Vavuniya Campus and utilized for rehabilitation.

Accordingly, with the approval at the University Council, the construction work was suspended with the payment of Rs. 198,983.72 to the Dept. of Buildings (Province) for expenditure incurred to the Dept. of Buildings up to suspension of the construction work.

- 3.5 (a) The purchasing officer had retired two years before and no appointment was made. Now the purchasing officer is appointed. The scooter in Jaffna and in Colombo will be used.
- (b) Since most of these books are research publications there is no big demand from the public.
- (c) Multi Station Machine (Roly Station Gym) was purchased in July, 2006 and was in use for a short period. Due to the disturbed situation in Jaffna from August, 2006 the students could not make use this machine. However the Instructors are using this machine.
- (d) Fund has been allocated only in the year 2009. Work will commence soon.
- (c) This account is maintained to facilitate remittance from abroad to the Vice Chancellor's Welfare Fund. In order to keep the account activate, this balance is kept in the current account number 6197 at the Bank of Ceylon, York Street, Colombo 01.

This amount was paid by the University of Colombo School of Computing to the contractor. The audit can obtained the project report from the University of Colombo School of Computing.
- (e) The installation testing commissioning had been entrusted to the Ceylon Electricity Board who is now working on this. The Ceylon Electricity Board had been requested to complete the work as early as possible.
- (f) This work was awarded to the Dept. of Buildings (Province) by the University Council in the year 2004. The work had not been completed so far. The delay may be due to the termination of contract between the Dept. of Buildings and the contractor in 2006 and prevailing situation at Vavuniya especially in Pampaimadu.
- 3:8 (a) The permanent teaching staff are involved in Faculty as well as interfaculty teaching without any additional remuneration other than their salary. When the teaching load of a teacher in his/her Departments/Faculty is far in excess of the approved academic norms of a particular academic position, payment is made by appointing them as visiting lecturers for the lectures they take out side their academic norms in departments out side the faculty to which they belong to. Only a small number of such visiting appointments are made under inevitable circumstances.
- Cadres are determined by the University Grants Commission based on the needs of each Faculty. Further although the title of the "Field of Study" may look alike, the scope of the course and the courses contents could be very different. For example the way Physics, Chemistry and Mathematics is taught in a Science Faculty is different from how it is taught in an Engineering Faculty.
- (b) The temporary posts in Assistant Lecturer, Tutor, Demonstrator and instructors are regularly advertised before the commencement of every academic year and recruitment is made by following the proper recruitment procedure.

However when an appointed person resigns or leaves the service during an academic year and when there is no adequate time to fill the vacancy by advertisement, appointments are made on the request of the Head and the Dean in a very few occasions, so as to carry out the academic programme within the Scheduled academic calendar. Such appointments (a few) are made only for the balance period of the appointments of the person resigned.

- (c) Other than getting the services of a few senior academics on work assignment (or contract) basis, no other appointments were made without giving opportunity to those who have the qualification to complete. All vacant positions are advertised regularly and all eligible applicants in terms of the scheme of recruitment are called for interviews and they are evaluated by legally constituted selection boards. Appointments are made issued on the recommendations of selection committees, thereby giving opportunities to all the eligible applicants.

- 3:9 (b) In some Faculties examinations are conducted at the end of the academic year. In some at the end of each semester. However the results of the examinations conducted at the end of the first semester are released along with the result of the second semester. This is the examinations regulations. This is because of the results are released for each semester, there is a possibility of students skipping two out of five course units in the Second semester. However the structure of the Degree Programme are changed now and for the new batches of students results are released within three months.

- (c) The number of students appeared for the exam in 2007 are given below:

<i>Faculties</i>	<i>No. of Students</i>
